TECHNICAL SKILLS

- React.js
- Node.js
- Jest
- JavaScript
- CSS
- HTML
- Java
- Spring Boot
- Selenium
- REST API
- SQL
- Docker CI/CD
- Jenkins
- Postman
- Git

EXPERIENCE and PROGRAM

American Express | May 2022 - October 2023

Junior Engineer

- Conduct React.js Jest mocking for UI components and perform testing to ensure optimal user experience
- Develop and execute Java Selenium-based QA automation testing and manual testing processes
- Proficient in SQL database design, implementation, and optimization for efficient data retrieval and manipulation.
- Collaborate within a Scrum methodology team, actively participating in sprint planning with JIRA

Multiverse “Software Engineer” Apprenticeship | May 2022 - October 2023

Junior Engineer

- Developed and maintained full-stack applications using React.js and Java, ensuring high performance, scalability, responsiveness, accessibility, and test-driven development
- Designed and implemented REST API to facilitate communication between frontend and backend systems
- Actively participated with cohort, workshops, and hackathons to stay updated with emerging technologies and industry trends

GenerationUSA Junior Web Developer Program | Jul 2021 - Oct 2021

Training Participant

- Created and hosted projects using JavaScript, CSS, HTML and Node.js
- Version control using Git, including branching, merging, and resolving conflicts in collaborative development environments
- Demonstrated strong problem-solving skills in identifying and resolving technical issues and challenges during the development lifecycle

CERTIFICATION and TRAINING

- “GenerationUSA” Junior Web Developer Program
- “Coursera” Data Structures and Algorithms
- “AWS” Cloud Practitioner
